FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Natural Resources, Department of Transportation, and Department of Conservation** assume no fiscal impact.

In response to similar legislation, Officials of the **Office of St. Louis County Administrator** assume the proposal would have no fiscal impact other than to assist St. Louis County in developing infrastructure in the Chesterfield Valley area. Officials assume there would be no additional revenues.

Oversight assumes this proposal is enabling legislation and is procedural and would add no new duties, or requires any additional expenditure of revenues, therefore, Oversight assumes no fiscal impact to levee districts.

Due to timing requirements not all Cities and Counties responded to this proposal. Oversight sent this House Substitute as amended to St. Charles City and County officials and at the time of printing of this fiscal note they had not responded.

<u>FISCAL IMPACT - State Government</u>	FY 2005 (10 Mo.)	FY 2006	FY 2007
	\$0	\$0	\$0
<u>FISCAL IMPACT - Local Government</u>	FY 2005 (10 Mo.)	FY 2006	FY 2007
	\$0	\$0	\$0

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This substitute allows the formation of a levee district in one or more counties or in any city , town, or village in this state not located within St. Charles County, however, third and fourth class cities, towns, or villages within St. Charles County would be allowed to form a levee district. The substitute allows certain levee districts in St. Louis County to construct and maintain waterlines, in addition to their current authority to construct and maintain sewers, levees, dikes, dams, and other similar projects. Under current law, levee districts located within St. Louis County are allowed an alternative procedure with respect to the apportionment of installment taxes. The substitute extends this procedure to all levee districts.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
